

Q2XAFS 2023 | International Workshop on Improving Data Quality and Quantity in XAFS Spectroscopy

17th – 18th August 2023 | Australian Synchrotron – ANSTO | www.q2xafs.melbourne

Q2XAFS 2023 brings together experts in the field of X-ray Absorption Spectroscopy to discuss aspects of the technique that affect data quality in XAFS experiments.

Q2XAFS 2023 is a satellite to the 26th Congress and General Assembly of the International Union of Crystallography.

Date: 17th – 18th August 2023

Venue: National Centre for Synchrotron Science, Australian Synchrotron, Victoria, Australia

Cost: AU\$150 (full), AU\$100 (students)

Registration: <http://www.q2xafs.melbourne/>

Principal Sponsors (Q2XAFS is co-organised by members of, and sponsored by, ANSTO (host) and IUCr)

Silver Sponsors
