

NACSSC

1ST NORTH AMERICAN CORE SHELL SPECTROSCOPY CONFERENCE

1ST NORTH AMERICAN CORE SHELL SPECTROSCOPY CONFERENCE

To be held jointly with the 59th Denver X-ray Conference
2-6 August 2010

Denver Marriott Tech Center Hotel, Denver, CO

<http://www.dxcicdd.com/cssc/>

The first North American Core Shell Spectroscopy Conference will be held jointly with the 59th Denver X-Ray Conference, 2-6 August 2010. The conference will feature poster sessions as well as oral presentations and students, in particular are encouraged to participate with oral presentation submissions.

All topics relating to core shell spectroscopy are welcome, including:

X-ray Absorption Spectroscopy
X-ray Fluorescence Spectroscopy / Fluorescence Mapping
Resonant Inelastic X-ray Scattering / X-ray Raman Scattering
X-ray Magnetic Circular Dichroism

Confirmed invited speakers are:

Dr. Corwin Booth, Lawrence Berkeley National Laboratory
Prof. James Penner-Hahn, University of Michigan
Prof. Daryl Crozier - Simon Fraser University
Prof. Bruce Bunker - University of Notre Dame
Prof. Trevor Tyson - New Jersey Institute of Technology
Dr. Joshua Kas - University of Washington
Dr. Simon Bare - UOP LLC

See reverse side for detailed conference information.

Conference Information

Participants will be able to attend Denver X-Ray Conference sessions being held in adjacent rooms.

A workshop on using FEFF* to solve real-world problems will be held on the morning of Tuesday August 3.

The conference will feature a Symposium honoring Prof. Edward Stern in the afternoon of Tuesday, August 3.

Details of the oral presentation sessions will be posted on the conference web site at: <http://www.dxcicdd.com/cssc/> as they become available.

Students may register for a reduced cost and are eligible for special student room rates at www.dxcicdd.com/10/details.htm#studentrooms and may apply for funding to attend the conference at www.dxcicdd.com/10/files/2010-DXC-Student-Travel-Grant-application.pdf

Abstract submissions for oral presentations will be open until June 10 and can be made at the Conference web site at the abstract submission page: http://www.dxcicdd.com/cssc/cssc_abstract.asp
